## Dr. Wafik S. El-Deiry hosts the 199th Meeting of the Interurban Clinical Club

Wafik S. El-Deiry, M.D., Ph.D., American Cancer Society Research Professor at the University of Pennsylvania, organized and hosted in Philadelphia the 199th Meeting of the Interurban Clinical Club ([interurbanclinicalclub.org](http://interurbanclinicalclub.org)) started by Sir William Osler in 1905. The Scientific Meeting was held at the College of Physicians of Philadelphia and featured outstanding presentations of the most exciting biomedical research in Philadelphia. The evening black-tie dinner event was held at the historic Union League of Philadelphia where Margaret Foti, Ph.D., M.D. (h.c.), Chief Executive Officer of the American Association for Cancer Research addressed the attendees.

The 199th Meeting of the Interurban Clinical Club. Dr. El-Deiry (center), his wife Evelyn (left) and Dr. Foti (right). This event was featured at the AACR website as a Spotlight where Dr. Foti's remarks could be downloaded. Dr. Foti gave an extraordinary presentation that described the world-wide epidemiology and epidemic of cancer along with an inspiring global vision for fighting the disease and caring for its survivors.
